In the afternoon, feel the charm of the villages, take a dip in the sea, marvel at Madeira's incomparable sights or taste the typical local specialties. On your way you will find beautiful viewpoints, traditional cozy bars, small bays for swimming and of course the cliffs with their incredible views.

Enjoy the fascinating island beauty of Madeira with our Conway E-MTBikes Fullys, an absolute driving pleasure.

You leave each day from your accommodation with a recharged battery and arrive in the afternoon at the next hotel. You decide how fast you want to drive, how many breaks you want to take. We give you a precise route description, the GPs data on the sat nav suggest the most rustic places to stop, the most beautiful bays and the most amazing Miradouros.

Even with the e-bike you pedal yourself and increase your fitness. The electric motor supports you whenever you want. Steep climbs, smaller slopes or headwinds - choose the support you need rat the moment. But you can also do everything with our mountain bike fully without motor.
